came a precinct committee-woman and man. Since we knew John McCain, we were delighted to become involved.

Best wishes for a wonderful Christmas Season from our house

Edna (Perkins) Griffith and husband Capers

Capers and I continue do a lot of traveling, entertaining family & friends and just enjoy our retirement. When time permits, I still accept a few research and eBay agent projects. Since we are both bridge players, we do a lot of that wherever we may be. Photos of some of our travels and activities are on our website at www.picturetrail.com/gri_globetrotter/htm

When our Republican Party Chairman called several months ago, we answered the call and be-

to your house!

Sandra and I are prepared for the Christmas holidays.... got the tree in place, lights on the house, most of the gifts purchased, and we are ready for the kids and grandkids.

Fortunately, we had another rather quiet fall hurricane season... no storms came our way down here on the east coast of South Florida and we are expecting another beautiful winter season of clear blue skies and mild-temps. However, we are still experiencing drought conditions, so the lawn doesn't get watered but twice a week and that is hardly enough to keep it healthy.

I'm still active with photography, gardening, computers, ham radio K4CFQ, and as always playing piano. Our daughter Cinde and her husband have a "garage" band and I've sat in on a few sessions playing piano, but their choice of music is a bit different from mine..... but I still enjoy sitting in.

The grandkids are all very active in school sports, music, and advanced studies which pleases us immensely.

Wishing everyone a Very Merry Christmas and a Happy and Prosperous New Year

Some folks in the Class of 1961 are trying to plant the seeds for a 50th Class Reunion in 2011. At this point we are just trying to make contact with 1961 classmates to judge the interest in a 50th reunion.

We would appreciate anyone with a contact (phone number, address, email) for a 1961 graduate to forward the information to either Ed Edmondson uncle_ed@bellsouth.net or Woody Hamrick Woody@Hamricknet.net

I attended Stephens College in Columbia, Mo. before graduating from the U of Alabama, Tuscaloosa, in 1968. I met my husband Michael Carpenter there and we were married on March 16, 1968. We have lived in Dallas since August of that year. Hope to hear from some of you. mikec1234@sbcglobal.net

Eric Thomas

Rhonda and I have moved to Arlington, VA. I retired from my long time job with Southern Natural Gas last year and have joined an international pipeline industry cooperative research group headquartered in Rosslyn, just outside Washington, DC. I expect to work 5-8 more years and then return to Birmingham. We have kept our house there and have an apartment here. My new email is ethomas@prci.org or ericethomas@comcast.net

We would be pleased to hear from and see anyone when they are in the Washington area.

Joe and Jeanne Sanders

The Sanders' had a great year: Jeanne and Joe are finally grandparents; their daughter in Portland, OR had a beautiful daughter. Jeanne is still teaching and Joe is still a safety manager here in Colorado...the economy has precluded retiring now! We turned down a great job in Hawaii, when we decided it was just too far from our family.

That's all for this year!

Also, with help from my husband Anthony, we launched Shavers Studio www.shaversstudio.com. It's another outlet for my photography and a chance to make some extra coins.

Emily Hayes

I got a way huge promotion at work from the 7-12 air shift to Morning Show Co-Host on 92.1fm WZEW (The Zew in Mobile and we also stream live on 92zew.net

I get to work super early (4:45am) and I was checking my email and saw that it was time

for an Alumni update. Being so early, I was all blah and at a loss for words. So I hit our listeners with the question "What should I write in to Mr. Bagley with?" The following is the best letter I received. I hope you enjoy it and that all is well.

Dear Mr. Bagley,

I am writing this on behalf of Emily, who, by her own words "needs help" I am sure that does not surprise you. I am not able to provide the type of professional help she may require <grin>, but I can say a few words on her behalf. Emily has been highly successful (I am sure that comes as no surprise, either) . She is a co-anchor on the prestigious morning crew of the long standing and best radio station in Mobile Alabama. In fact, the station she is co-hosting has been around for more birthdays than she herself can claim.

Emily did not just fall into this job, either. She is there because of her hard work, commitment, dedication and "can-do" attitude. As you know from her high school days, once Emily sets her mind to do something, you better hop on board or you'll get run over. She brought that same tireless and energetic style to her work and love for music at 92 ZEW. At almost any hour of the day or night, she can be found there, on the air, on location, or helping out with the myriad of projects that need doing. Even if there is not something to do, Emily finds a way to improve any situation, with a bright smile and her sunny disposition. Emily has risen through the ranks because of who she is, and the determination she has for becoming even better.

I have been listening to her co-host, (or should I say co-conspirator) Trey Matthews, for some time now, on this and another station in Mobile. He is a venerable Master of the Morning

Show, and his show has been improved by the addition of Emily. Their cross generational chemistry has forged a bridge for the broad demographics of their listeners, and their on-air banter ranges from a musical camaraderie to scenes almost reminiscent of Mr. Wilson and "Denise" the menace! I thoroughly enjoy both of them, but Emily's fresh and energetic talents many times steal the show.

I just wanted to let you know, from a listener's stand point, Emily has "done good"

From the editor's desk:

Bill Bagley

Once again a special thanks to all of the class contacts for their help in putting together the December 08 Alumni Newsletter. If your class doesn't have a class contact send the information that you want listed in the newsletter directly to me: whbagley@bellsouth.net If your class isn't listed in the newsletter it is because that class has never submitted information to be included in the newsletter.

As always if you do not want to receive alumni information send an email to whbagley@bellsouth.net with remove in the subject line, include your name, year of graduation, and email address in the body of the message.
