The CHS Class of '44 will have their 58th reunion on Saturday, August 3rd from 10:00 a.m. to 2:00 p.m. at the All Steak. We would like anyone interested in coming to send his or her registration to Melba Connell, 1404 Stadium Dr. N.E., Cullman, Alabama 35055. Mr. Dodson of All Steak has not quoted a price for our meal. As you know, everything has increased price wise. So, we are asking that \$17.50, the same as last year for each meal be sent with registration. We would like family news and military connection from all members, even if they can't come. Our Class President, Jack Nesmith passed away this year. Also Gaynell Ballard Williams, Weldon Cole and Earl Wray.

Looking to see you on the 3rd of August.

**Elsie McCoy**, Leader for Cullman Area Classmates.

It seems impossible that it's been fifty years since graduation! Time really does fly. Life for me has been interesting, exciting and certainly a challenge. My professional career has taken me in several directions and marked by several "firsts for women." Guess I must have been fortunate to be in the "right place" at the "right time." Today, I manage an

occasional political campaign and still serve on the Community Advocacy Board of the Women's Health Initiative, College of Medicine, University of Florida. In addition to politics, my leisure activities include bridge, antiques, music, computers, genealogy and travel.

Husband, Capers, is a native of Jacksonville so we have lived in Florida except for a short period in San Miguel de Allende, Gto., Mexico. We have a daughter and son, two granddaughters, two step-grandchildren and a step-great-grand son. After Capers retirement at the end of 1988, we travelled during all of following years. Our travels have taken us to many different countries. Since 1979, we have owned timeshares and have exchanged to resorts in many of them. It's been a surprise around every corner. If possible, we will attend our class reunion this year. It would certainly be great to see each of you again.

Some classmates have inquired about people in our class who have died since our last reunion. The ones I have listed are Jean Lawrence Jordan, Hollis "Sonny" Cranford, William "Bill" Martin, and Martin Stricklin. We are also thinking about the "Big" reunion next year and are in the process of trying to locate all classmates. We still have a meeting on the last Tuesday night of the month at the All Steak at 6:30 P.M. About two months ago a Cullman TV station came to the All Steak and interviewed those who were there on that night.

I really don't have much news, but after attending my 1956 CHS reunion, I was amazed at how many "local" people did not attend. I live in Hartselle and saw one particular person and I encouraged him to come, but he did not show. Please think of some way to get more to attend. It's a lot of fun seeing all our classmates and it brings back a lot of memories.

#### **RETIREMENT III Glenda Holmes Neal**

I've been retired 1,095 days and the old drapes are still hanging and the closets have not been touched. Oh!! That's not quite true about the closets. You see, sometimes when my grandson is here, he rearranges the shoes to fit his idea of order. He joyfully will proceed to the shoes taking them one at the time to the most perfect pile behind the bedroom door. I think his idea of neatness makes perfect sense. I can at least see that I have too many shoes.

When winter turned to spring and then summer, we traded hats coats and mittens for hats, sunglasses and sun block. Ask me, do we ever get it all together on the first try?

As words become more important, we try to sort out the English language. When I told him his dad's name was Mark, he pointed to the markers on the

table. I pulled the tongue of the shoe out and he stuck his tongue out. When I asked his dad if he was hoarse, he said "neigh, neigh." The letter "B" provoked a slight scream as he thought of a bee. Someone in a conversation said, "who knows" and he pointed to his nose. His granddad told him to drive his motorcycle by the chair, he waved "by by". Two shoes make a pair, two socks make a pair, but do two books make a pair?

On a more personal note, I have attended many of the reunions in the past and am very sorry to miss this one. Grandson number two is to arrive about that time and I just can't leave number one grandson alone, nor would I want to miss the arrival of grandson number two. I will miss everyone and hope to attend the next one.

#### Let's see.....

Getting ready to head north for vacation and a big family wedding. Going up to Muncie, Indiana for the wedding of Sandra's niece (Nicole Turner to Matt Afolder). We will probably be there for about 10 days enjoying the mid-west. If the weather holds nice, we plan to get in on some bicycle riding on the Greenway Trail that passes thru Muncie. They have converted one of the old railway right-of-ways to a super nice (paved) greenway trail across the countryside. That section of the trail is probably 50 plus miles in length.

Normally we would be going up I-65 thru Cullman on our way to Muncie. But since both of my parents are no longer living, and we need to take the shortest route north, we will by-pass Cullman on this trip. Last year we stopped over in Cullman and spent the

night with Jim and Jane Rooker (jlrooker@bellsouth.net). Jim is an ole buddy of mine, and ex-college roommate.

Speaking of Jim and Jane, they (and son Allen) were just down here in south Florida on vacation. We enjoyed their visit and it was a good opportunity to get in some good times and good food.

Summer time in south Florida, and the summer rainy season is here.....and we sure needed it. Let's hope that no hurricanes come visiting this summer.

I've resurrected my amateur radio station (K4CFQ).....the room it was originally in we converted to a guest bedroom. Now I have it up and going again. Having lots of fun talking to fellows all over the world using digital modes. For more on this (and photo), see my web site.

<http://pianopete.com/k4cfq.html>

As usual, our family photo web site continually changes showing what the Pete and Sandra Holmes family (from Seattle WA to south Florida) and friends are doing.

[http://home.adelphia.net/~pianopete/smcphotos/index\\_frame.htm](http://home.adelphia.net/~pianopete/smcphotos/index_frame.htm)

Lots of National League baseball is watched. Sandra is a BIG Florida Marlins fan. Wish we could make the Class of '57 reunion, but with the trip to Muncie it won't be possible.

**Everyone please add Walter to your prayer lists.**

I have a problem. In December was diagnosed with cancer of the esophagus and am being treated in Birmingham. Spend most of this year so far driving back and forth to UAB for daily radiation treatments and am in chemotherapy now. All of this has caused my energy level to drop considerably and next year is the 40-year reunion for my class. At this point I simply do not know - but doubt - if I will be able to

handle organizing the thing. To be quite honest, at this point I don't know if I will be around this time next year. If the treatments are working - they seem to be so far - and I get to feeling better I will happily tear into organizing the reunion, but there is a lot of uncertainty here. There is only one 40-year reunion and I would hate to mess it up because I don't have the energy to work on it. So to be on the safe side, if anyone mentions they are looking to help out the class of '63 I'd be happy to turn it over to them and help as much as I am able.

Allan and I just returned from a three-week trip to Europe. (I hesitate to call it a vacation since we are always on the go when we make these trips!). We were originally scheduled to make the trip last fall, but cancelled due to the tragedy of 9/11. The majority of our time was spent in Italy with a couple of days in Germany and one in France. We were very fortunate that, for the first 8 days, our son Robert who lives in San Francisco joined us.

We put 2700 miles on a rental car (If everyone was like us, rental companies wouldn't offer unlimited mileage!) and, at times, it felt like we put just as many on our feet. It's amazing how many cities, towns, and villages in Europe are built on hills and everything is UP.

We've made almost annual trips to Europe since 1993 and covered a lot of ground there. My father, before his death, used to ask me what Europe had that America didn't. He couldn't understand my fascination with travel there. My reply was that Europe is no more beautiful than America when it comes to natural beauty, but what Europe has that America doesn't is AGE. The age and size, especially for the times in which they were constructed, of the many churches, castles, and fortified cities boggles the mind.

We hope to continue our trips to Europe for several more years until we feel physically unable to tackle it anymore, because almost nothing is easy to accomplish in Europe. As much as I love visiting, travelling the way we do, on a strict budget, requires stamina and a willingness to do without (or pay for) a lot of things that most of us in America take for granted will be available and free. The older we get, the more amenities I look for in accommodations: elevators, air conditioning, private baths, parking at the hotel, just to name a few! For the next few years we'll change our way of travel, scaling back the area we cover and spending more time in central locations doing day trips rather than moving to a new place almost every night. Much sooner than I'll be mentally ready, it will be time to say good-bye to Europe and make plans to see the beautiful parts of America that we have yet to visit.

You can e-mail him at [mullet101@hotmail.com](mailto:mullet101@hotmail.com) It was good to also see Randall Tucker here in Birmingham. He is one of the top salesmen at Town and Country Ford in Bessemer. You can reach him at (205) 491-0000. I have talked to many others from different graduating classes at Cullman and everyone seems to really be excited about this website. Please if you have any contacts from the class of 1988, please forward them to me at [tysontyger@aol.com](mailto:tysontyger@aol.com) Also would like to pass a personal congrats to the Cats baseball and soccer teams for their state championships this year. It is hard to believe that the soccer program started in our junior year.

As for myself, I am fully devoted to my two wonderful children, Lindsey (4) and Cameron (2). I am still employed with Hoover Toyota, so if anyone needs a car, you are well covered with Randall and myself (not meant to be cheesy advertising). I have been divorced for a little more than a year, and I am thoroughly enjoying life here in Gardendale, AL (reminds me a lot of Cullman with those adult benefits). So let's all stay in contact via e-mail, phone and personal gatherings. Everyone take care!!!!!!

I am an ER RN. I am currently "travelling." I accept a 13-week assignment at an ER somewhere in the US and then I am free to move on to another ER (or renew my contract). It is one of the best things I have ever done. My first assignment was in Bangor, ME for the fall of 2001 (Sept.-Dec.). Then I was in Carson City, NV (30 minutes from Lake Tahoe) from Jan. to mid-April. I am currently in Portland, OR and have renewed my contract until October. I really like this area; it has everything--beaches, mountains, cool city, waterfalls, forests...). Next assignment?? :) Thank you again for the time and attention,

Greetings, classmates!

I hope that those of you who attended the reunion enjoyed yourselves as much as I did. It was great to see everyone and get caught up. The final count turned out to be around 80-85 classmates plus several significant others. If you were unable to attend, I hope you can make it to the next gathering. Many people have expressed interest in a 15-year reunion. Maybe if Molly has enough help, we can make it happen.

I have uploaded all of my photos to the website pbase.com (link below). Unfortunately, I did not take any pictures at Terri Pines. If anyone did take pictures, please send your negatives to me and I will get them transferred into digital format and post them on the website as well. I assure you that I will return

your negatives ASAP. If your photos are already digital, please send me a zip file so that I can get those up as well. Too bad I was lazy with my camera Saturday night. Guess I was having too much fun!

Send your negatives to Beth Solze at 1817 Dauphin Street, Mobile, AL 36606. Thanks for your help!
