Harwell 'Pete' Holmes (Class of 57)

This last half of the year has been a busy one. Fortunately south Florida did not have any hurricanes to contend with this fall, so we didn't have to deal with that type of excitement.

July found us on the road to Muncie, Indiana for a big family wedding (Sandra's niece) and a couple weeks of vacation. It was a festive affair, and as usual, we enjoyed ourselves in Muncie at the home of Sandra's brother and family. While there, I got a chance to make a side trip over to Dayton, Ohio and visit the Air Force Museum. Being an aero engineer that was something I had wanted to see for years.

Beginning in late October, the holiday season started with a visit to the grandkid's Halloween party. That was when I found it difficult if not impossible to shoot flash pictures in a room full of steam from a fog machine!!! It was a crazy evening, but I guess the kids thought it was the best.

As we headed into November, everyone was getting ready for Thanksgiving, and of course the traditional football games and Macy's Thanksgiving day parade on TV (not everyone agrees with me on that one!). As usual, Sandra had all the family (there are 10 of us in town) over for a HUGE traditional turkey dinner, with all the trimmings, including the pies.

Almost immediately following Thanksgiving day, it was off to find the perfect Christmas tree. Might as well get one as soon as they arrive in town and get it in water and not let it stand in the sun somewhere. With the tree trimmed, and the outdoor lighting hung, it was time to start all the holiday parties, dinners, socials, and the baking of the traditional cookies, pies, and so on. Although it seemed that someone was always wrapping gifts in the back bedroom, this year we did more shopping on-line, especially for all those out-of-town gifts. Sure beats standing in-line at the post office to mail packages.... Santa's sleigh arrives via the Internet now!!! Chad and family (the son who lives in-town) has taken a job with US Customs in Miami. Thus, just before Christmas they sold their townhouse

and in the interim they moved in with us until they can find a home in the Miami/Homestead area. They have a son, Noah 2+ years old, so we've had lots of fun over Christmas, especially Christmas morning. The older grandkids (daughter Cinde's) were in Aspen skiing over Christmas, so we had a belated Christmas Day with them.

Now, just one more round of parties.... NEW YEAR'S ... and it is time for four months of that nice south Florida winter weather. The time when all the folk from up north ("snow birds") flock to south Florida to enjoy the sun, sand, and surf. We will be thinking about all of you up there in the cold..... HA.

Oh yes, Sandra says it is only two months until Spring Training. The Marlins will be playing at Roger Dean Stadium with the St. Louis Cardinals. The stadium is only 2 miles from our house.... a healthy walking distance.

Everyone can still view our e-Christmas Card and 2002 photo album at:

<http://pianopete.com/christmas/>

[AOL Folk Click Here](http://pianopete.com/christmas/)

At the bottom of the card is the link to our 2002 photo album. Be sure and click on it. There are about 80 photos in the album, and they will show as a slideshow. Note: The slideshow will start automatically. If you have a DSL/Cable connection to the net it will start quickly (probably less than 5 seconds). If you have a 56K dialup connection, it will take a little longer.

Our Family:

Harwell 'Pete' Holmes (still working... Design Project Engineer with P&W Space Propulsion), and Sandra Holmes (Retired: Town Clerk, Town of Palm Beach Shores, FL)

Our Children (4, oldest to youngest, including 8 grandkids):

Harwell 'Navar' Holmes (Technical Systems Administrator, Campbell County Memorial Hospital, Gillette, WY.)

Cinde 'CC' Wiita (Physical Trainer, Palm Beach Gardens, FL. Children: Dalton, Barrett, Gavin, Channing)

Elizabeth 'Eli' Holmes Zikan, Dr. (Researcher for NOAA Seattle, WA. Husband: Karel. Children: Karina, Jacob, Kaja)

I live in a small community outside of Akron and Canton, OH (Football Hall of Fame) and have lived here for the past 33 years. I met my husband Bill here and we have been married 34 years and have 2 daughters, Cara 32 and Laura, 30 with one grandchild, Zachary 3.

I graduated from Sacred Heart College in 1964 and have taken some classes at Stark State College but only to my liking with no thought of furthering my degree.

I love travelling and have been to France, England, Scotland, and most of the Caribbean Islands and of course Canada, which isn't all that far from me via Detroit or Niagara Falls, NY.

I would like to hear from any of my classmates if they would desire to write me. I go home once or twice a year and have since I left, but I've lost all contact with everyone. Cullman is a "foreign" town to me anymore. When I go, I see no one at all that I know. Somehow I would like to change that. If anyone is interested in writing, my e-mail address is rubil5@sssnet.com

Recently I accepted the position of Economic Development Coordinator for the City of Sanger, California. This area of Central California has an extraordinarily high rate of unemployment (worse than Appalachia), and my job will be to help turn that around. I am thrilled to announce that I have just completed my BS in Business Administration, only 36 years after graduating from Cullman High. Along the way I did pick up Securities, Real Estate and Insurance licenses, but I believe this one means I'm finally a grownup! Fortunately my children have not followed my lead. Peter Andrew is working on a degree in International Business from Fresno State, and Samuel John is graduating in 2003 from the United States Air Force Academy.

Glenda Hamner Lott

I graduated from Cullman High School in 1970. I received your message from my sister, Linda McPhillips who still lives in Cullman. My maiden name was Glenda Hamner and I married Randy Lott and moved to Birmingham in 1973. We have two daughters, Jennifer and Jamie. I am presently a Business Technology teacher at Spain Park High School in Hoover, AL. I have previously taught school for the Birmingham City Schools at Hayes and Jefferson County Schools at Hueytown. Randy and I live in the Southlake subdivision in Hoover with our two dogs, Bear and Jake. We are big BAMA fans and enjoy attending the ballgames at the University of Alabama where we both graduated, as well as both of our daughters. I have attended some football games and basketball games recently in Cullman to watch my nephew Joseph McPhillips play ball. We had fun watching the Bearcats! I wish you success with your CHS alumni newsletter!

Reunion

Noticed your request for info regarding a class reunion for the class of '72 Cullman High. There was a meeting at Rodney Kreps this past weekend. Those in attendance were: Rodney, Barbara Mackenzie, Kyle Moore, Tut Underwood, Alan Reddick, Brenda Bonds Howell, Bill Tenbarger and Mike Graham. I think they are planning a reunion, (31 year) they missed it last year, for sometime this June or July. You should call any one of them that you know and ask for more details.

Good Luck

Elizabeth Coffee

Obituary: Elizabeth Xan Coffee

Posted March 18, 2002

After several years of health problems, Elizabeth Xan Coffee of Guntersville, Ala., (originally of Cullman, Ala.) passed away peacefully in her sleep Tuesday morning, March 5, 2002 of respiratory failure. She would have been 44 years old March 18.

A dean's list graduate of Auburn University with a degree in Environmental Health after graduation from Cullman High School, Elizabeth showed Tennessee Walking Horses for well over a decade. Some of her many mounts included All That Glitters, A Little After Dawn, Someday, two-time reserve world champion Bianco, Bronze Elegance, Heavenly Delight, Mr. Toppit, Ace's Cannon, Senator Delight R & R whom she only showed a few times, and her final show horse, the great mare R & R's Charming Lady. The trainers who made the greatest impression on her equine endeavors were the late Hershell Talley, the late Joe Vann Clayton, the late George Witt, J.T. Leech, Billy and Tim Gray, Steve Aymett and Carl Edwards and Sons Stables. Liz also was greatly enamored of quarter horses and had many successful shows in this arena of competition after she stopped showing Tennessee Walking Horses.

She was the daughter of the late Fred D. and Xan Coffee, both of Cullman, and nothing brought Mr. and Mrs. Coffee greater pleasure than to see their beloved adopted daughters Elizabeth and Sarah Coffee Miller show. Other horses the Coffee family enjoyed much show ring success with included 1982 Amateur World Grand Champion Senator Delight R & R - trained by Steve Aymett (ridden to the roses by Sarah after Reserve WGCs in 1980 and 1981), three time world champion and two time reserve world champion My Fair Lady, reserve world champion Ace's All American (whose show ring success came under the direction of trainer Ronnie Spears after being sold to

Charles Terry, Pride's Leading Lady, and The Lady In Lace, to name a few. Both Elizabeth and Sarah were very successful as catch riders too.

Elizabeth's wishes were to be cremated and have her ashes and those of her beloved Harlequin Great Dane Blue Moon Over Tara (known as Sugar) buried between her parents' graves in City Cemetery in Cullman, Ala. A very special memorial service was held for her at Moss Funeral Home in Cullman at 2 p.m. Sunday, March 10, with interment of ashes afterward.

Her only immediate surviving next of kin was her sister Sarah Coffee Miller and her husband Michael E. Miller of Estill Springs, Tenn. She had very close and loving relationships with her cousins Col. H. L. Coleman and his wife Hazel, and her second cousin Debra Coleman, of North Carolina and West Virginia respectively. She is also survived by other cousins whom she was not as close to.

But she had many, many wonderful friends whom she considered family, such as Greg Scofield of Guntersville who loved her more than life itself and welcomed her into his home any time she wanted to live there, the entire Bob Scofield family of Arab, Ala, Renee Mason, Clara Hagedorn Kent of Vinemont, Ala, Terri Waler Uptagrafft of Cullman, Bettye and Sonny Whitaker of Hanceville, Ala., Betty and daughter Kerri Bryant of Cullman and Washington, D.C. respectively, Jane and Tom Meredith of Roswell, Ga, Mandy Dawn of Brentwood, Tenn., Molly and Aleen Walker and Miranda Trammell of Hayden, Ala., Priscilla Taley of Baileyton, Ala. Grover Blaylock, Amie Lee marks, Liz Kyle Riehl, Lucy Starnes and Mark Huffstuttler, of Guntersville, Judy Shannon of Cullman, Ala., James B. Miller of Spring Hill, Tenn., Iris and Wayne Schumann of Shelbyville, Tenn., Debbie Jones of Florida and Larry Ross of Atlanta, Ga., to name only a few. And to those other very close friends whose names were not at our disposal, apologies are sent.

Elizabeth's charities of choice and beneficiaries of her will are Guide Dogs for the Blind, the Humane Society of the United States, and the ASPCA. Should anyone like to make a memorial donation in her honor, these are the charities she would have wanted them to go to. She will be mourned and missed by many for a long, long time.

Bryan & Jo Schaefer

Once again I see that there is nothing for the Class of 78, what is up? Did everyone else beside my wife and I fall of the end of the world? Well I am proud to say that my wife and I just celebrated our 24th year of marriage together, and so many thought that we would never survive each other! We are grandparents now and have a wonderful grandson who will be two in September. I retired from the Air Force in 1999 and went to work for the St. Clair County Emergency Management Agency in Pell City AL. Jo is a CNC machine operator. So is anyone else out there?

David Holcombe passed away in New York on Jan. 21, 2002, at the age of 43. He was a respiratory therapist and is survived by a daughter, Emily Marie Holcombe, his parents, Darrell and Gwen Holcombe, and his brother, Dwight Holcombe (CHS class of 1976).

Phillip Ratliff

On December 4, 2002, my wife Abby gave birth to my first child, Bailey Madison Ratliff, and, while our child's name has the ring of soap opera, we like to point out that both "Bailey" and "Madison" are well established family names. Mother and baby are doing fine.

This fall marks a busy time for the Ratliff household. Abby and I moved into our home after several hot, cramped, buggy months of Southside apartment dwelling. In addition to a full teaching load at Miles, I have

been moonlighting at UAB, reviewing for The Birmingham News, and working as a teaching artist with the Birmingham Institute of Aesthetic Education, a program that pairs artists (composers, painters, etc.) like myself with public school teachers, a very worthwhile way of introducing inner city kids to the perceptual nature of art.

Five years ago, Birmingham was the last place I thought I would end up. After finishing grad school at Rice and teaching music at Brandeis, Cleveland State, and the University of Florida, I figured it was time to settle in one place. I moved to Birmingham, exhausted from travel, and after working as a technical writer, writing manuals for paper mills and copper smelters-- a complete non-sequiter of a year for a musician--, Miles offered a teaching post. I have been there, loving it, ever since.

THANK YOU to . . .

* Senator Zeb Little for his generous donation for the refinishing of the gym floor at CHS. Thank you!

* Teachers and students who donated supplies for Carbon Hill School. Thank you for your kindness and generosity.

* Our talented and capable teachers who have made such a giant step (and in many cases a huge leap) in using technology. Lantry Brandon (Title I teacher at WES) and I were discussing how talented our teachers are in using technology. It is amazing to watch the learning that has taken place over the last two+ years in the area of technology. You are to be commended for such dedication and perseverance. Way to GO!!!

* Hayden Faulk and his talented students for making beautiful shelves for Central Office. Your talent and craftsmanship amaze us!

Storage Sheds for Sale:

Support our talented carpentry students and Hayden Faulk by placing an order for a storage shed. The following are estimates: 8x10 = \$1,700; 8x12 = \$1,925; 8x16 = \$2,450; 10x10 = \$2,000; 10x12 = \$2,350; and 10x16 = \$2,900.

The prices may change according to the material cost. The fee for hauling is between \$75.00=\$150.00 according to the distance and is not included in the price listed above. The carpentry students are making little profit on these storage sheds. This helps the student to learn the building process. If you are interested or need more information, call Mr. Hayden Faulk at CHS. Mr. Faulk is such a talented teacher. We are fortunate to have him as a teacher in Cullman City Schools!

CONGRATULATIONS to . . .

* Mary Yates and Sue Freeman for obtaining their National Board Certification. This is such an honor for these fine teachers and an honor for Cullman City Schools. WAY TO GO!

- Cullman Electric Cooperative and Cullman Power Board for reaching the milestone of their members' and customers' contributions of over \$1,000,000 to Operation Round Up. On behalf of Cullman City Schools, Way to Go!

* **The following teachers for being awarded Round-Up Grants:** Debbie Black at CCPS (\$189.35), Holli Quick at CCPS (\$345.00), Emily Price at CCPS (\$320.00), Malinda Yarbrough at CCPS (\$325.91) and \$350.00), Anita Moore at CCPS (\$178.28), Amy Farr

at CCPS (\$149.80 and \$131.65), Jane Ann Chambers at CCPS (\$351.65), Sara Bedard at CCPS (\$239.78), and Becky Stevens at EES (\$500.00), and Diane Noles at EES (\$315.00).
